

# CLFP Pesticide List Program Notice

---

## NEW ELECTRONIC/WEB-BASED PESTICIDE LIST

In 2008 the CLFP Pesticide List Program became a web-based system powered by Agrian. Subscribers access commodity profiles and updates via the CLFP website. Updates will be completed throughout the year on a real-time basis by our pesticide consultant; which means companies will no longer have to wait months for label updates. As a subscriber a company will be alerted to new updates via an auto generated email. This new system will be easy to use, timely, and cost effective for subscribers and the CLFP.

Annual subscriptions are available for CLFP members at \$995.00 per year and non-CLFP members at \$2,095.00 per year. Please see page two of this form for further details on Subscription, Pricing, and Ordering.

### **BENEFITS**

**Timely:** Commodity updates will be made on a real-time basis. This provides subscribers up-to-date and accurate information on chemical labels.

**Easy to Use:** Subscribers will be able to simply go to the CLFP website at [www.clfp.com](http://www.clfp.com), click on the Pesticide List Program link, enter their user name and password and download or print the commodity(s) profile. When updates are made by the CLFP pesticide consultant, on a real-time basis, update alerts will be sent via email.

**Customize:** As a benefit of being a CLFP Processor Member Company, the company or organization will have the option to add information to their commodity(s) profile, such as, a logo or more restrictive information on particular chemicals. *(Additional fees required)*

**Cost Effective:** The annual subscription will save companies thousands of dollars in professional fees. Not only will a company have access to timely and accurate information to better manage their field operations, they will also have access to the CLFP pesticide consultant, Bob Ehn, to answer questions on specific chemicals, at no extra fee.

### **Subscription, Pricing, & Order Information**

**Terms:** Subscriptions will last for one year and must be paid in full at the time of account activation.

**Registration:** Participating companies must register one main contact for the company. The company's account information (user name and password), will only be given to this individual.

**Rates:**

CLFP Processor Member Company.....	\$995
CLFP Affiliate Member Company.....	\$995
Non Member Company.....	\$2,095
**Customization Fee.....	\$250

*(\*\*Available only to CLFP Processor Member Companies)*
