

CLFP & SAFE FOOD ALLIANCE FOOD SAFETY REGULATORY UPDATE WEBINAR

Join Jeremiah Szabo, Safe Food Alliance's Vice President of Professional Services, with over 16 years of food industry experience, for this one hour educational webinar!

Wednesday, September 30, 2020 at 10:30 AM PDT

As the world of food safety is ever-changing, it remains vital to stay current on the FDA's approaches and regulations.

Join Safe Food Alliance experts for a **FREE** one-hour webinar update on the status of FSMA and the enormous task of enforcement from both the FDA and state agencies.

We will discuss recent enforcement results and key takeaways from these organizations.

As we approach a "New Era" of food safety in a post-FSMA world, it will be even more important to stay informed so you can prepare for what the future holds.
